

## Pasitos Photo & Video Release

At Pasitos, we believe that one of the best ways to document student learning and growth is by taking pictures and videos. We will take pictures and videos of the children working and playing independently, in small groups, on excursions and urban hikes around the school. We take these pictures to help us remember everything we have done together.

Some of the pictures we will keep in the student's portfolio as a reminder of what they have done. Some of the pictures will be sent home to share with friends and family members and, of course, with the child now and as they grow. Pasitos also may post the picture online or used in print media marketing. Pasitos will take and use pictures and videos only as authorized by the child's parent or legal guardian. This release may be revoked in writing at any time.
